

ATHMIKA P R

✉ athmika.pr.2004@gmail.com ☎ 9344861775 💻 <https://www.linkedin.com/in/athmika-premanandhan/>

PROFESSIONAL SUMMARY

Final-year AI and Data Science student with hands-on experience in machine learning, computer vision, and full-stack development. Built production systems for vehicle detection, educational automation, and habit tracking. Published researcher and proven team leader.

SKILLS

- **Programming Languages:** Python, SQL
- **AI/ML :** Machine Learning, Computer Vision, YOLOv8, scikit-learn, TensorFlow, OpenCV
- **Web/Backend :** React, Flask, MySQL, Rest APIs, FastAPI
- **Cloud & Tools :** Google Cloud, MS Excel, Flutterflow, n8n, Tableau, Git
- **Soft Skills :** Problem Solving, Communication, Teamwork, Quantitative Aptitude, Verbal Reasoning
- **Languages known :** English, Malayalam, Tamil, German

EDUCATION

SSLC	<i>2019 - 2020</i>
Vidhya Niketan Matric School	68%
HSC	<i>2021 - 2022</i>
Vidhya Niketan Matric School	85%
Bachelor of Technology - Artificial Intelligence and Data Science	<i>2022 - 2026</i>
SNS College of Engineering	86%

PROJECTS

- 1. ClassIQ - AI Powered Educational Platform (Python, FastAPI, OpenAI)** <https://github.com/Athmika6367>
 - Built AI system for transcription, translation, and multilingual dubbing (Tamil, Hindi, Malayalam)
 - Reduced processing time by 40% using asynchronous FastAPI backend
- 2. WellGenix - AI - Driven Health and Fitness App (FlutterFlow, Firebase, OpenAI API)**
 - Created AI-based app for personalized diet and fitness tracking
 - Integrated OpenAI API for health insights and Firebase for real-time data visualization

INTERNSHIP EXPERIENCE

Data Analyst Intern	<i>July 2024 - July 2024</i>
Volvo CE - Karnataka, India	
• Analyzed MCV machine telemetry to identify efficiency improvements • Built visual dashboards and reports for data-driven decisions	
ML Intern	<i>June 2025 - July 2025</i>
imAI Technologies - Coimbatore, India	
• Developed YOLOv8 vehicle detection model (92% accuracy) on Raspberry Pi • Boosted inference speed by 35% and improved low-light detection via preprocessing	

ACHIEVEMENTS & CERTIFICATIONS

- 2 Paper Published in International Journal for Scientific Research & Development
- Led Agentic AI Bootcamp for 30+ students using n8n automation
- NPTEL – Introduction to Industry 4.0 | Coursera – Google Data Analytics
- AWS GenAI Fundamentals | Google Cloud Skill Boost (3 badges)
